

SPANISH 21

Spanish 21 is much like a Blackjack with a few twists! Spanish 21 uses six decks of cards with the tens (10's) removed. The player must place a regular '21' bet and may also place an optional 'Match the Dealer' wager. In 'Match the Dealer', the player is betting one or more of their cards match the dealer's up card. More exact matches pay better odds!

Other twists of Spanish 21 include:

- Player Blackjack always beats the dealer's Blackjack! (Pays 3 to 2)
- Player 21 always beats the dealer's 21 and can pay up to 3 to 1!
- A player may split twice for three hands and may hit and double after split – INCLUDING ACES!
- A player may double down on any two OR MORE cards (except Blackjack).*
- After doubling, if a player is dissatisfied with their non-busted hand, they may rescue (take back) the DOUBLED portion of the bet and forfeit the original wager.
- If a player is dealt three suited sevens (7's), they are paid a "Super Bonus" (only if the dealer's exposed card is a 7 of any suit).**
